

41st Anniversary Celebration

Friday, Saturday, Sunday - January 27-29

Hello SpringHouse Friends. Wow! It's hard to believe it's been forty one years since we opened the front doors. Can you believe I was twelve (this is Marcia) when Mom and Dad started milking the cows, pasteurizing the milk, and opened the store within a week. That was many moons ago. And now, here we are, forty one years later, still milking the cows and serving the most special folks in all the world with the best crew any business could ever ask for! Thanks for your loyalty, your praises and constructive words (both are needed for sure!), your business, and your being you. We know we are blessed to get to serve you every day. Come help us celebrate this "biggie"! And check out the milk case for something NEW and EXCITING too!!
